# FOOD MADE TO TANTILISE

Our chef, Mark De Bont, has a background of European training, along with years of practice & dedication. His passion for food is evident in each delectable dish he prepares, taking inspiration from many cuisines & famous chefs while working with available local produce, The result is truly invigorating and a highlight of many events.

To finish any meal, a divine dessert is a must. Here at The Ducks, we pride ourselves in the end of your dining experience being as great as the start. We do this by presenting desserts that are works of art, and in the words of many of our guests; "look too good to eat".
